Issued Mondays and Thursdays  
and Contains All the Cream of  
the Daily and Saturday News

## LOCAL BRIEFS.

**Soldiers Paid Off**—Four hundred and ninety-five soldiers were paid off yesterday afternoon, at Fort Douglas, by Paymaster Ely of the department headquarters at Denver.

**New Weather Station**—A new voluntary weather station has been established at Milford, with W. W. Hall, formerly of this city, in charge. The station at Park City has been placed in charge of Supt. Martin of the public schools.

**Communication Desired**—U. S. Senator Reed Smoot is in receipt of a communication from Washington, D. C., to the effect that one Z. L. Furrier desires to enter into communication with the descendants of Solon Foster.

**Mullett to Move**—The first floor of the new Thompson building on west Second south street, will be occupied by Mullett, the clothing man, and his present quarters on the ground floor of the Commercial block on east Second south will be remodeled by the bank for its own occupancy.

**Fred Myton Named**—Fred K. Myton, son of Mrs. H. P. Myton of this city, has been appointed a second lieutenant in the Marine Corps at \$1,500 per annum. But it is stated that the young man's military prospects are so promising in death valley that it is doubtful if the naval opportunity is taken advantage of.

**No More Bumps**—The Southern Pacific electric equipment, now in this city, promises that the street railway tracks will be overhauled at the earliest practical moment, and all bumps taken out, though it is not probable that new cars will be shipped in during the winter, as there are plenty of cars at present.

**Good Woman Gone**—Mrs. Emily Houghton Little, widow of Jesse C. Little, died yesterday afternoon, from pneumonia, at his residence, 213 west Second south street. She was aged 69. The deceased came to Utah in 1847 with John Taylor's company, and leaves five children and eight grandchildren. The funeral will be held Sunday, from the residence.

**Alexander G. Rae Killed**—Jonathan Rae has received word from Alton, Scotland, that his brother Alexander George Rae, aged 32 years, is dead as the result of an accident. The deceased was a farmer, and met his death while riding the tractor. His foot caught in a pinion and fatal injuries were inflicted. "Jimmie" Rae is at present in Scotland, visiting his old home, after an absence of 19 years.

**Donaldson Released**—After being behind the bars of the county jail for nearly a month, Jim Donaldson was released yesterday afternoon, after a bond of \$5,000 had been furnished for him, the sureties being M. E. Mulvey and J. J. Henry. As announced in yesterday's "News," the bail had been reduced by Justice P. M. Bishop from \$10,000 to the lesser sum, and shortly after Donaldson had been led back to jail the bond was arranged and signed and Donaldson's liberation was assured.

**Austrian Arrested**—Deputy Sheriff Burbridge last night arrested Pres Polets on the charge of robbery and landed him in the county jail. Polets is charged with robbing a fellow Austrian at Garfield about two weeks ago, but disappeared and was not located until last night when he was found in a saloon on west Second south street. It is claimed that Polets' companion was counting out his money on a table when the former grabbed the money and made his escape.

**ATTEMPTED SUICIDE.**

Despondent Woman Tried to Kill Herself With Poison.

Despondent from domestic troubles, Emma Jensen, or Peterson, as she is sometimes called, tried to end her life yesterday by drinking wood alcohol. She came to Salt Lake from her home in Murray, and at the solicitation of her mother, who believed that the daughter intended to do violence to herself, the police were asked to find Mrs. Jensen. She was located at a restaurant on West Temple street by Officer Burton, who started with her for the police station, with the intention of sending her home.

As the two walked together Mrs. Jensen lagged behind sufficiently long to swallow part of the contents of a bottle, which turned out to be wood alcohol. The officer knocked the bottle from her hand before she could drink any considerable quantity. At the city emergency hospital antidotes were administered, and later Mrs. Jensen was taken to her home in Murray.

**CHAMBERLAIN'S PAIN BALM.**  
There is no danger, now, of a headache resulting from a cut or wound of any kind, when Chamberlain's Pain Balm is used. It is an all-sufficient dressing and should be in every household. For sale by all druggists.

**Cold Wave Coming.**  
Be prepared with a smart set from Meheey the Furrier, Knutsford.

## SIGNS AND WIRES DAMAGED BY WIND

For Brief Time Reached  
Velocity of Seventy-four  
Miles an Hour.

### ONE PERSON WAS INJURED.

Woman Cut by Falling Glass—Delivery Wagon Blown Over—Lights and Cars Out of Commission.

It was a hurricane that struck the town late yesterday afternoon, and the wind for a brief time reached the velocity of 74 miles an hour, or about the usual velocity of a Texas sandstorm. For a while it looked as though the experiences of three weeks ago were to be repeated, but the wind quickened down as gusts of rain came, though there was not much precipitation. The streets were filled with flying dust, and pedestrians clung to fences, railings or anything else they could catch onto. Swinging signs were at discount, and their wreckage was fraught with danger. The big sign of the Buffalo saloon on east Second south street blew loose as Mrs. J. Larsen of 1595 Indiana avenue was passing, and struck her in the face, cutting two gashes. She was taken into the Dayton drug store, where Dr. Croxall attended to her injuries, and she was sent home. A delivery wagon of the Wilson Meat & Grocery company was blown over on west North Temple street. Two boys who were in the vehicle were thrown into the street, and were slightly injured, but the horse was brought to a standstill immediately. Not far down the same street a buggy was overturned and badly broken, and a large road wagon was also blown over. Most of the windows in the Jackson neighborhood were uprooted and shingles ripped off roofs right merrily.

### NO LIGHTS OR CARS.

The street car service was demoralized from 5:15 to 6:30 p. m., and the lighting service was out of commission for about the same time. The telephone lines were blown down at three points outside the city, but the breaks were quickly repaired. Two poles 25 feet high, on the Bear river line, were burned down, and 500 feet of wire let down. The break was repaired by this morning. One of the large transformers at the Jordan station of the Utah Light & Railway company was buried out, and the roof of the upper station in Little Cottonwood was carried away. But owing to prompt action by the operators no damage was done to the machinery. The telephone companies suffered no damage to speak of.

### CROUP.

A reliable medicine and one that should always be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given as soon as the child becomes hoarse, or even after the attack has begun. There is no danger in giving it to children for it contains no opium or other harmful drug. For sale by all druggists.

### Always Popular.

Meheey's furs, because they are just what they are represented to be. Meheey the Furrier, Knutsford.

### ADVERTISE FOR BIDS

For Grading, Curbing, Guttering and Macadamizing Streets.

At the meeting of the committee on streets of the city council last night it was decided to instruct the board of public works to advertise for bids for grading, curbing, guttering and macadamizing Ninth east street from South Temple south to the city limits and Tenth east from South Temple to Fifth south. Ordinances levying assessments upon the property on those streets will be presented at the council meeting on Monday night. The bids for the work will be opened by the board of public works on Wednesday so that the improvements can be started early in the spring. The estimated cost of the improvement on Ninth east street is \$95,745.45 of which \$70,000 will be paid by the property owners and the city will have to pay \$25,745.45. The total cost of the Tenth east improvement will be \$35,852.22 of which the property owners will pay \$23,119 and the city will pay \$12,733.22. City Engineer Kelsey yesterday inspected the work on the Big Cottonwood conduit and Parley canyon, and the headgates at the intake of the conduit are completed and the reservoir has been repaired so that both improvements will be completed by Jan. 1, 1907.

### CITIZENS PAYING TAXES.

In Four Days County Treasurer Carbis Received About \$1,000,000.

During the four days just past County Treasurer Carbis has received about \$1,000,000 in taxes upon property in this county for the year 1906. Ever since Monday there has been a great rush on and people have stood in line for several hours waiting their turn to pay their taxes before they become delinquent. Yesterday was the last day and the taxes are now delinquent but the usual advertising cost will not be collected from those who pay their taxes within the next few days as it will be several days before the treasurer can get started on making up the advertising list. The list will be made up and published by the first Monday in December. It is estimated that 2,500 people paid their taxes yesterday and the total amount received was more than \$200,000. In addition to those who paid in person the treasurer has received several hundred letters containing checks for taxes and these will be opened and attended to today. The total amount of taxes collected so far this year is about \$1,500,000, leaving about \$500,000 yet to be collected.

### WINTER M. I. A. COURSE.

Lectures Begun This Week and Will Continue to March.

The winter course of Mutual Improvement lectures, which was begun this week, will continue until the last week in March, according to the present plans. Only one number will be given that is not purely educational, and it is the second number which will

be given in Barratt hall Monday evening, Nov. 26. This number is the Bostonian Sextette club, with Shanna Cummings, the noted American soprano, who is incidentally well known socially to Salt Lake, as soloist. Following the sextette club, which is a combination of stringed instrument musicians under the direction of C. L. Stutta, formerly clarinet soloist of Sousa's band, there are six numbers in the course. John Kendrick Bangs, editor of "Puck," comes early in December, offering an evening of humor under the caption "Four Days and a Night." Reno B. Whitcomb follows late in December with electrical demonstrations of some of the newest things performed by the "magic juice."

The new year starts with a lecture from Thomas E. Greene, and following him comes back to Utah Jacob A. Bliss, who is remembered here for the things he forgot to say about his lecture, in order to swell over with pride for Roosevelt, who had just been re-elected when the lecture was given. Bliss is this year in his favorite sociological subject, using a concrete example under the title of "Toney's Hardships." As Roosevelt will not be in Salt Lake, as soloist, January, Mr. Bliss will probably not tell about his hero worship for the "Greatest American" again. Feb. 13 John B. De Motte, a noted promoter of W. N. S. A. organ, is coming to Salt Lake, and following him on March 11, the final number of the course will be given. It is entitled "The Man of the Mass," and is by Frank Dixon, a well known lecturer.

The course this year is better balanced than the two preceding ones that have been given, as the speakers of each season have been utilized to securing better numbers.

### NEW VARSITY RULES.

"U" Students Follow the "Mock Scheme" Code in Regulations.

The following "Mock Scheme" code of rules and regulations are reported from the state university, as having been adopted by the student body, and are set forth in the Chronicle: "Ancient professors shall not romp nor play in the halls after 10 a. m. No student shall be admitted with telephone girls will be subjected to the tender mercies of the discipline committee. "College women found reading the Chronicle will be excluded from the library. "Football men must petition the faculty if they intend to study more than three hours a day. "Any freshman or domestic animal found chewing Prexy's overalls will be given a dose of Mrs. Winslow's soothing syrup. "It is against the rules of the university for the faculty to attend student athletic contests. If they do they must present a certificate from the students in their classes that their work has been satisfactory."

### Meheey's Famous Furs.

Standard for 16 years. Knutsford hotel building.

### FELL TO HIS DEATH.

J. H. Dollins, a Carpenter, Almost Instantly Killed.

While working on a scaffold at the new smelter at Garfield, J. H. Dollins, a carpenter, fell to his death late yesterday afternoon. He fell a distance of 30 feet from a beam and struck on a projecting iron. His skull was crushed, and the unfortunate man died almost instantly. He was about 34 years of age, and leaves a young wife, who resides at 34 south West Temple street, and a small child. Dollins was about 34 years of age, and has parents living at Laytonville, Ky.

### AMUSEMENTS.

**Theater**—In spite of the storm, "checkers" drew another big and delighted audience at the theater last evening. The final performances occur tonight and tomorrow afternoon and evening.

**Orpheum**—Tonight is society night at the Orpheum, when there is always a representative turnout. The Four Bards, Bellman and Moore, Willie Eckstein and the other numbers on the bill are making a hit.

**Grand**—The storm of last night served to cut down the patronage of the Grand, as only a fair-sized audience witnessed "Nobody's Claim," an old-time favorite. It is a western play, and the smell of powder is in evidence throughout the entire performance. A horse, white, beautiful and at times balky, and an unreal railroad train are features, and some of the scenes are very pretty. Dolly De Vyn, as Madge, the girl so heavily with firearms, just for fun, stands alone among when it comes to good acting. She sang "Idaho" in a pleasing manner. There are many numbers on the bill, which of course contains little of a plot. Two long waits between acts drew the play out until after 11 o'clock.

Saturday night ends the engagement of "Nobody's Claim," and the next attraction will be "Mar's Enemy, Or the Downward Path," which will be on for the first half of next week.

**Lyric**—A "Son's Devotion" winds up at the Lyric tomorrow night, the customary matinee being given Saturday.

**Wasatch Rink**—The feature this week is a ladies' skating contest for a prize. A specialty attractive program will be announced for next week's bill.
